### **Project Description**

The Tuscarawas County Anti-Drug Coalition was awarded a FY 2018 Drug-Free Communities Support Program grant in the amount of \$125,000 by the White House Office of National Drug Control Policy, in cooperation with the Substance Abuse and Mental Health Services Administration. The coalition serves Tuscarawas County, Ohio, a community of 92,420 people. The goal of the coalition is to establish and strengthen community collaboration in support of local efforts to prevent youth substance misuse. The coalition will achieve its goal by implementing these strategies:

1. Utilization of the coalition to affect change in partnership with youth-led prevention group that empowers students to not misuse prescription medication.
2. Educate family members and the community at large about the risks of prescription misuse.
3. Establish barriers that reduce access to non-prescription medications.
4. Utilization of the coalition to create a marijuana education campaign providing a single community message to educate about the dangers of marijuana.
5. Provide training to teachers, coaches and parents on how to hold conversations and communicate a no use message to youth.
6. Implement a community plan against marijuana working closely with law enforcement, health care systems, local companies and schools.

### **Project Description**

The Montgomery County Prevention Coalition was awarded a FY 2018 Drug-Free Communities Support Program grant in the amount of \$125,000 by the White House Office of National Drug Control Policy, in cooperation with the Substance Abuse and Mental Health Services Administration. The coalition serves Montgomery County, Ohio, a community of 535,153 people. The goal of the coalition is to establish and strengthen community collaboration in support of local efforts to prevent youth substance misuse. The coalition will achieve its goal by implementing these strategies:

1. Prevent youth from using alcohol and encourage those over the age of 21 to follow low-risk guidelines.
2. Prevent illicit use of marijuana and follow the FDA guidelines regarding marijuana as medicine.
3. Prevent the misuse and abuse of prescription drugs.
4. Working with schools to enhance their policies, enforcement efforts, prevention efforts, early identification, and establishment of alcohol-free youth activities.
5. Educating the community on the health risks associated with marijuana use.
6. Expanding screening, brief intervention, and referral to treatment and drug free work place programs across the community.
7. Addressing issues of retailers selling marijuana paraphernalia to youth.
8. Promoting proper storage, monitoring, and disposal of unused medications.
9. Increasing the overall number of drop boxes and take back days.
10. Promoting campaigns that educate the community about alternatives to pain management.
